

## Ideal C33 with Endcaps

Preferred Apple Mac Software:

**QUARK EXPRESS** files are preferred, but we do also accept **PHOTOSHOP**, **ILLUSTRATOR**, **INDESIGN** files and **HIGH-res PDF's**

**Please set ALL artwork at 25% with a 3mm bleed in CMYK**

- Create the overall design as one scaled document with 3mm bleed on outside edges
- Please provide hard copies of artwork files.
- Files can be accepted on CD or DVD's
- If an accurate colour match is required please supply a Pantone colour or send a printed reference. We will then match to this as closely as possible but cannot guarantee an exact match
- Allow time for proofing to avoid problems.
- Supply **ALL** screen and printer **fonts** with your artwork, alternatively, supply text as Vector outlines.
- Include any TIFF, JPEG's or EPS files included in the artwork document.
- Images should be at least 300dpi and between 30mb and 80mb for full coverage of display.
