

Quickscreen Banners

Preferred Apple Mac Software:

QUARK EXPRESS files are preferred, but we do also accept **PHOTOSHOP**, **ILLUSTRATOR**, **INDESIGN** files and **HIGH-res PDF's**

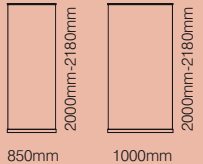

Please set ALL artwork at 25% with a 3mm bleed in CMYK

- Create the overall design as one scaled document with 3mm bleed on outside edges
- Please provide hard copies of artwork files. If artwork is sent via website, please include a PDF.
- Files can be accepted on CD or DVD's.
- If an accurate colour match is required please supply a Pantone colour or send a printed reference. We will then match to this as closely as possible but cannot guarantee an exact match

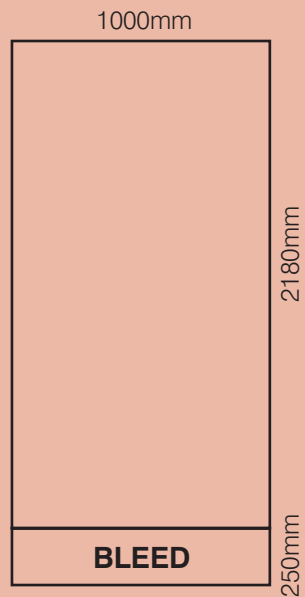

Note:

- Allow time for proofing to avoid problems.
- Supply **ALL** screen and printer **fonts** with your artwork, alternatively, supply text as Vector outlines.
- Include any TIFF, JPEG's or EPS files included in the artwork document.

Quickscreen 3

Comes in 4 sizes
With 250mm Bleed
added to the bottom
This will NOT be visible

Please note the bleed is NOT visible and NOT included in the height of the banner
